## **Rep. Hutton's Statement on Bill Signings**

Madison – Representative Rob Hutton (R-Brookfield) issued the following statement in response to Governor Walker signing SB 337 which requires all state agencies to periodically submit reports detailing all expenditures within that agency.

“Today Governor Walker signed into law the Base Budget 2.0 bill. This legislation will help ensure that all state agencies are providing maximum value with the taxpayer dollars they are using,” said Rep. Hutton. “By requiring state agencies to issue a report every two years detailing each dollar they spend we will be able to better identify and correct areas of inefficiency and waste within the government agencies.”

In addition to SB 337 Governor Walker also signed SB 230 which would allow for cremation of an unclaimed deceased prison inmate and SB 534 which gives statutory authority for the Department of Safety and Professional Services to delegate certain building and plan review responsibilities to approved local municipalities.
